Thanks, Peter.

Ellen and I will include these plans in the review of the ones we rec'd a few weeks ago. Is the public furniture shown on the previously submitted plans or are we still awaiting that?

Dear Adrienne,

Please find attached an electronic version of Scott's proposed public access signage plan, as required by special condition II.B.5.c of permit no. 19-85(B), for BCDCC's review and (I hope) approval. The Port has already reviewed and approved this plan. Please let me know if you'd like a paper copy.

Please don't hesitate to contact me should you have any questions.

Peter
